Thank you, there actually were a few pics not found here before.

We do have all but two main sets (not counting 2018-02+), that is 95%. But. Actual rewards seem to have also included hi-res versions for at least some commissions, and the difference between those and heavily compressed stuff posted on tumblr is quite a big one.

Right now I am only aware of 3 months for which such hi-res commissions are preserved, all of them can be found on E-Hentai.

Others are pretty much unobtainable unless there is an anon who pledged on that month and is willing to share (correct me if I'm wrong).
